

To all of our Customers

### The impact of Covid-19 on our business

You will be aware of the Prime Minister's announcement yesterday, requiring all non-essential businesses to close by Wednesday 24<sup>th</sup> March for a period of one month.

Regrettably, that means that all Higgins Concrete, Prenters Ready Mix and Prenters Aggregates production and delivery operations will stop from this date. If we can help you before the close-down, we will try – but please accept that we may not have capacity to deliver for you.

If your need for concrete relates to supporting an approved essential service please contact the relevant manager, as detailed below, and we will organise for you to get the supplies you need.

Finally, on behalf of the board and directors of Higgins, we apologise for this disruption to our service to you and we look forward to resuming business as normal. We wish you all the best as you handle the impact of Covid-19 on your business and in your families. Hopefully these extreme measures will stop the spread of Covid-19 and protect the lives of our families and friends.

Yours sincerely
